Accents Of English Beyond The

Spoken English shows great variation across regions where it is the predominant language. For example, the United Kingdom has the largest variation of accents of any country, meaning that there is no single 'British accent'. This article provides an overview of the numerous identifiable variations in pronunciation; such distinctions usually derive from the phonetic inventory of local ...

Regional accents of English - Wikipedia

Accents are quite elastic too, especially when it comes to kids. Until the age of 4, I spoke with the same accent as my parents - who are Geordies (from the north east of England). However, I was born in the south-east (Buckinghamshire specifically) and when I started school I mimicked the other kids around me who spoke with a local accent.

How to convey accents in fiction writing: Beyond phonetic ...

American English is predominantly rhotic today, but at the end of the 1800s non-rhotic accents were common throughout much of the coastal Eastern and Southern U.S., including along the Gulf Coast. In fact, non-rhotic accents were established in all major U.S. cities along the Atlantic coast except for the Delaware Valley area, with its early Scots-Irish influence, centered around Philadelphia ...

Rhoticity in English - Wikipedia

Here is just a small sampling of the diversity of accents used in the British Isles. Yet in American-produced media this is usually oversimplified to the point where every English character speaks with one of two accents: Received Pronunciation, aka "Posh" (traditionally associated with the aristocracy and the pretentious: "I say, old chap, let's play croquet, then have tea and scones.

British Accents / Useful Notes - TV Tropes

English language - English language - Varieties of English: The abbreviation RP (Received Pronunciation) denotes what is traditionally considered the standard accent of people living in London and the southeast of England and of other people elsewhere who speak in this way. RP is the only British accent that has no specific geographical correlate: it is not possible, on hearing someone speak ...
