So, let's say that at the beginning of the IB, you do not know whether you want to study Physics or Economics, but you really want to take higher level english and maths. If you take three standard level subjects, you have to choose between Physics or Economics when you may have not even tried the subjects. If you take four higher level subjects, however, you can take both physics and economics and can make the decision a year later when you have tried both subjects.
