### **Creeping Conformity Canada Became Suburban 1900 1960**

By the 1970s, more of Canada's housing stock had been built since 1945 than before, and the vast majority of that construction took place in suburban tracts. The suburbs were the cradle of what would rapidly emerge as the majority of Canadians, and gradually it became the case that these were more diverse neighbourhoods than the enclaves left behind in the old city centres.

### **Bibliography of suburbs - Wikipedia**

A suburb is a mixed-use or residential area, existing either as part of a city or urban area or as a separate residential community within commuting distance of a city. In most English-speaking countries, suburban areas are defined in contrast to central or inner-city areas, but in Australian English and South African English, suburb has become largely synonymous with what is called a ...
