In recent years, B2B organizations have added more and more XDRs – but outcomes haven't kept up with expectations. In this white paper, we look at findings from recent Tenbound/RevOps Squared/TechTarget research to identify where major chronic breakdowns are still occurring in many Sales Development programs.

TechTarget - Purchase Intent Data for Enterprise Tech Sales and Marketing

1847-1900. In 1846, the organization created a committee dedicated to analyzing the methodology of vital records registration. It urged state governments to adopt measures to register births, marriages and deaths within their populations. In 1847, the American Medical Association was founded in Philadelphia by Nathan Smith Davis as a national professional medical organization.
