MSB - Solutions for SAP Mobile MSB Mobisys Solution Builder is a certified SAP ABAP Add-On that lets you mobilize, simplify, and accelerate your business processes. MSB extends a NetWeaver-based SAP system (ERP, EWM, CRM, S/4HANA, and so on) and connects identification and data acquisition systems without a separate server directly to SAP.

Solution - mobisys GmbH

Hi, I guess you are installing SAP BAI0 Packages from SAP Best Practices website. Basically, there shouldn't be any problem for a standalone scenario as I guess the Solution Builder Tool should also be available. Then you only need to install the and unzip the packages, upload them and check the scenarios and then deploy them.

Activation of SAP Best Practices using Solution builder ...

The automatic content upgrade to the next release is not possible via Solution Builder. The SAP Best Practices content is already included in your system. You can check via SAP Note 2626824 whether a more recent content version is available for download, import the local solution and installation data files to the SAP Best Practices Solution Builder and then activate the content.

SAP Help Portal
