A Beginner's Ski Gear Guide | HuffPost Life

On the ski slopes, dressing appropriately is essential. Certain fabrics and clothing layers work better to keep you warm and dry than others. For new skiers, rustling up the right clothing can make the difference between a fun day on the slopes and a wet, cold day of shivering misery. Learning what to wear skiing is key to your enjoyment of the sport.

What To Wear Skiing - The Ultimate Snow Clothing Guide

New England Ropes/Maxim Airliner 9.1: Easy clipping and complete smoothness out of the gate made this Maxim rope an absolute favorite for the serious sport climbers in our test squad. Knots were easy to tie and untie, and initial kinks were kept to a minimum. The 9.1mm diameter is absolutely perfect for redpointing—thick enough to stand some abrasion and big whips, but thin enough (61 g/m ...

2012 Gear Guide: Ropes - Climbing Magazine

Skiing and snowboarding are not uncomplicated sports, and despite a laid-back vibe emulative of surf culture and all the quaintness that goes with sipping hot cocoa in the lodge, there’s a lot that goes into a day on the slopes. To put it plainly, there’s a ton of gear required to make it happen.

Skiing and snowboarding have long dominated the snow-sport scene but there's a budding star showing up in mountain towns across the globe: uphill skiing. More commonly called "skinning" or "ski touring," uphill skiing involves attaching synthetic, snow-gripping skins to the bottom of your skis to glide your way up the mountain.

If you haven't purchased new gear in a while we recommend getting new skis and ski boots to take advantage of the improved technology over the last few years. While often playing second fiddle to skis, ski boots are the most important piece of ski gear to invest in. Getting a pair of boots that fit well and are comfortable are the keys to having fun on the slopes.
