Amazon.com: Customer reviews: Su Carburetors

Unlike other types of carburettor, which have fixed jets , the SU has only one jet, so the mixture setting affects the engine throughout its speed range. Some SUs also have exhaust emission-control devices to comply with anti-pollution laws. Adjustment of these is described in Adjusting an emission-control carburettor. Before tuning the carburettor, carry out all the checks in Checking and ...

SU Carburetter, Gimmer Power Steering Manual - workshop manual

SU carburetors featured a variable venturi controlled by a piston.This piston has a tapered, conical metering rod (usually referred to as a "needle") that fits inside an orifice ("jet") which admits fuel into the airstream passing through the carburettor. Since the needle is tapered, as it rises and falls it opens and closes the opening in the jet, regulating the passage of fuel, so the ...

SU carburettor - Wikipedia

bottom of each carburetor about 1/32 inch, one at a time (this is the procedure recommended by the workshop manual). • If the carburetor mixture adjustment is too rich, the engine speed will increase and remain there. • If the mixture is too lean, the engine speed will immediately decrease when the pin is lifted
