### The Ethics Of Care Personal

The term ethics of care refers to ideas concerning both the nature of morality and normative ethical theory. The ethics of care perspective stands in stark contrast to ethical theories that rely on principles to highlight moral actions—such as Kantian deontology, utilitarianism, and justice theory—and is not meant to be absolute and incontrovertible.

### Ethics of care | ethics and philosophy | Britannica

The ethics of care is only a few decades old, yet it has become a distinct moral theory or normative approach, relevant to global and political matters as well as to the personal relations that can most clearly exemplify care. The book examines the central ideas, characteristics, and potential importance of the ethics of care.
