It is much, much colder than Alaska due to the fact that the prevailing weather comes from the west and chills as it moves across the largest landmass in the world. In central Chukotka temperatures hover around -50 for long periods through the winter. It is the winds accompanying these extreme temperatures that really make the weather abysmal.

Starting a new position in a new company can often seem overwhelming, with lots of new faces, information, and policies to learn. But providing your new hires with an employee handbook early on in their employment (think: first day) is a great way to make sure that the employee has all of the necessary information and also has a resource to constantly refer back to if they have any questions.
