10 ways to create a community of learning in a virtual setting
When students take an active role in their learning, they feel a sense of belonging and learning outcomes improve . With the seismic shifts that are occurring in response to the events of 2020, we know that many of our learners' patterns of school life and ties to a school ...

10 ways to create a community of learning in a virtual ...

A Virtual Learning Community is a cohort of ten to twelve pastors, each having a team of key staff and laity. This group meets via Zoom four times over 18 months to learn, collaborate and strategically plan the future of their parishes. A Learning Community is not a program or a one-time conference, rather it is a unique process that promotes ...

Virtual Learning Communities | Parish Catalyst

A Virtual Learning Community is a group of students from both on and off campus who share common interests and come together in an online format in order to explore those passion areas more deeply. In a virtual setting, the VLC functions a lot like a residence hall floor or building in that students all in the same VLC group have easy access to each other and it makes the larger Mason community feel smaller.
